NOTICE: Yellow Recycle Bags No Longer Acceptable by Paulette Skolarus

Steve Dawdy of Mister Rubbish advised the board early in November of the intentions of its parent company, Waste Management, to close the Whitmore Lake facility. With the closing of that recycle operation, so goes the recycling measures the township adopted eight years ago.

This past year the township paid \$8,500.00 for implementation of the yellow curbside recycle bag program. The new recycle measure adopted by Mister Rubbish would increase our cost to \$124,284.00 annually.

While we are reluctant to discontinue this one-time valuable service, it would be poor management on our part to pay for recycling for the entire township when less than 30% of our residents recycle. Effective January 1, 2000 the Township will no longer provide recycling for our residents free of charge.

We understand that Waste Management is a business with profit the bottom line and that they have a right to close that facility. Nevertheless, we are disappointed in their decision. While we continue to encourage recycling, we feel that there are better ways to spend your hard earned tax dollars - roads, bike/walk paths and fire protection are just a few possibilities.

Recycling - Options Still Available

Recycling is still available to Township residents who choose to participate. Mister Rubbish will continue to provide recycling to residents who contract with them. Mister Rubbish will bill the cost, \$9.00 a quarter, directly to individual homeowners.

In an effort to encourage your participation, the Township will pay for and provide the 18-gallon curbside recycle bins free of charge to residents who subscribe to the service. The Yellow Recycle Bags will continue to be collected and recycled at the curbside until December 31, 2000. The township has asked that unopened packages of the yellow bags be returned to the township. Mister Rubbish will reimburse us for unused packages. After January 1st unused bags may be used as regular trash bags.

Please contact the customer service representative at Mister Rubbish to subscribe or for answers to any questions you might have regarding this program. Phone: 1 (800) 971-7490.
