MANAGER	REVIEW:
RE:	Contract Award - Oak Pointe Water System from Removal Filter Upgrades
DATE:	September 30, 2020
FROM:	Greg Tatara, Utility Director
то:	Genoa Charter Township Board

For consideration at tonight's Board Meeting is award of the Oak Pointe Water Treatment Plant Iron Removal Filter Valve Replacement Project to CSM Mechanical, Inc. In June, 2020 the Genoa Township Board approved an engineering contract to Hubbel, Roth, and Clark (HRC), Inc. to specify and design new iron removal filter valves and flow meters which are necessary to backwash, rinse, and operate the iron removal system at the Water Treatment Plant.

The existing iron removal system was installed in 1994. In 2007, we replaced the iron removal media in the filters. Over the years, the air actuators, which function to backwash, rinse, and put the filters back into operation, have periodically failed which results in hiring a technician to drive up from Chicago to do the work, as replacement actuators cannot be purchased any longer. Recently, we had a pipe fitting on the rinse valve break due to thinning of the walls over the years. These pipe fittings contain orifices to regulate the flow during the rinse cycle to 100 gpm. We tried to order new fittings and orifices, but the manufacturer of the filters, EcoWater<sup>®</sup>, does not make these parts any longer. As a result upgrade of the entire system is required to maintain operation.

Upon completion of the design by HRC, bids were solicited and obtained to complete the project. Attached for the Board's reference is a memo from HRC summarizing the bids and recommending award to CSM Mechanical, Inc. Funding for the project will come from existing reserve funds maintained by the Oak Pointe Water System.

Based on the above explanation and the attached documents, please consider the following motion:

Moved by\_\_\_\_\_, supported by\_\_\_\_\_\_ to award the Oak Pointe Water Treatment Plant Iron Removal Filter Valve Replacement Project to CSM Mechanical, Inc.

RE: Bids for Oak Pointe WTP Valve Replacement Project Recommendation of Award

HRC Job No. 20200468

Dear Mr. Tatara

Sealed bids were received by Genoa Township on September 28, 2020 for the referenced project. A total of two (2) bids were received (see enclosed bid tabulation).

The lowest responsive bidder was CSM Mechanical, LLC of Fenton, Michigan with a base bid proposal total of \$185,950,00. The additional cost provided for the alternate work was \$30,900.

The second lowest responsive bidder was T.H. Eifert Mechanical Contractors of Lansing, Michigan with a base bid proposal of \$346,000.00, a total of \$160,050 greater than the lowest bidder. The additional cost provided for the alternate work was \$49,125.

CSM Mechanical, LLC has recent experience working with the Township, and we believe that they are capable of performing the work of this contract. The price provided for the alternate work is greater than expected, so it is recommended that the alternate be DECLINED. Thus, this office recommends that the Township award the Oak Pointe WTP Valve Replacement Project Contract to CSM Mechanical, LLC for a total price of \$185,950.00.

If you have any questions in your review, please contact us.

Very truly yours, HUBBELL, ROTH & CLARK, INC.

Board of Trustees Charter Township of Genoa 2911 Dorr Road Brighton MI 48116

Dear Honorable Board of Trustees:

In planning and performing our audit of the financial statements of the Charter Township of Genoa as of and for the year ended March 31, 2020, in accordance with auditing standards generally accepted in the United States of America, we considered the Charter Township of Genoa's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Township's internal control. Accordingly, we do not express an opinion on the effectiveness of the Township's internal control.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be significant deficiencies or material weaknesses and therefore there can be no assurance that all such deficiencies have been identified. However, as discussed below, we identified deficiencies in internal control that we consider to be material weaknesses:

A deficiency in internal control exists when the design or operation of control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the following deficiency in the Charter Township of Genoa's internal control to be a material weakness.

#### 1. Establish Control over the Financial Reporting Process

Management is responsible for establishing and maintaining internal controls, including monitoring, and for the fair presentation in the financial statements of financial position, results of operations, and cash flows, including the notes to financial statements, in conformity with U.S. generally accepted accounting principles.

At times, management may choose to outsource certain accounting functions due to cost or training considerations. Such accounting functions and service providers must be governed by the control policies and procedures of the Township. Management is as responsible for outsourced functions performed by a service provider as it would be if your personnel performed such functions. Specifically, management is responsible for management decisions and functions: for designating an individual with suitable skill, knowledge, or experience to oversee any outsourced services; and for evaluating the adequacy and results of those services and accepting responsibility for them.

As part of the audit, management requested us to prepare a draft of your financial statements, including the related notes to financial statements. Management reviewed, approved, and accepted responsibility for those financial statements prior to their issuance; however, management did not perform a detailed review of the financial statements. The absence of this control procedure is considered a material weakness because the potential exists that a material misstatement of the financial statements could occur and not be prevented or detected by the Company's internal control.

The existence of significant deficiencies or material weaknesses may already be known to management and may represent a conscious decision by management or those charged with governance to accept that degree of risk because of cost or other considerations. Management is responsible for making decisions concerning costs and the related benefits. We are responsible to communicate significant deficiencies and material weaknesses in accordance with professional standards regardless of management's decisions.

#### Response by Management

Management believes the perceived benefit of more control over the financial reporting process does not exceed the related cost. Therefore, management has chosen to continue to request the auditors to prepare the financial statements. However, management has read, reviewed, understands and takes responsibility of the financial statements.

#### Other Matter

The following matter came to our attention when reconciling road projects with the Reimbursable Projects Fund. We do not consider this to be a material weakness.

The Township approved a special assessment district for Earl Lake. The original project was estimated to cost \$242,000.00. Per Township policies, the Township will contribute 25% of a special assessment project cost or \$1,000 per parcel, whichever is less.

For the Earl Lake district, the Township agreed to contribute \$1,000 per 58 parcels, or \$58,000. Actual project costs came in at \$225,952.36. With the lower project costs, the Township's contribution became limited to 25% of the total, or \$56,488.09.

The Township contributed \$58,000 from the Road Improvement Fund to the Reimbursable Road Project Fund in fiscal year 2019. Subsequently, the Township contributed \$56,488.09 from the Road Improvement Fund to the Reimbursable Road Project Fund in fiscal year 2020.

The Township should refund the original \$58,000 from the Reimbursable Road Project Fund back to the Road Improvement Fund. In addition, the Township should implement additional procedures, controls and oversight measures to ensure erroneous transfers between funds do not occur.

#### **Conclusion**

Thank you for your assistance and hospitality toward our firm while conducting the audit of the Charter Township of Genoa.

If you should have any questions, comments or concerns please do not hesitate to call us.

This communication is intended solely for the information and use of management, Township Board of Trustees, and others with the organization, and is not intended to be and should not be used by anyone other than the specified parties.

# MEMORANDUM

TO:	Honorable Board of Trustees
FROM:	Kelly VanMarter, Assistant Township Manager/Community
	Development Director
DATE:	September 30, 2020
RE:	Article 16 Sign Ordinance Text Amendments
MANAGERS	Ordinance No. Z-20-04
	FROM: DATE: RE:

In consideration of the approval recommendations by the Township Planning Commission on August 10, 2020 and the Livingston County Planning Commission on September 16, 2020 please find the attached proposed zoning text amendment ordinance Z-20-04 for your review. The proposed ordinance involves text amendments to the Sign Standards (Article 16) of the Township Zoning Ordinance. The amendments seek to improve compliance with the intent of recent case law related to noncommercial signs while establishing the minimum amount of regulation necessary to support the purpose and objectives of the Zoning Ordinance. Also included in the amendments are minor formatting changes as well as clarifications and changes that have been identified by staff as appropriate to improve the ordinance and meet the needs of the community.

As required pursuant to the Charter Township Act (Act 359 of 1947) the Board is being asked to introduce and conduct the first reading on the proposed Ordinance. Staff is requesting the second reading, public hearing and consideration for adoption be set for the Monday, October 19th, 2020 regularly scheduled meeting. A draft publication as required by law is also attached.

As such please consider the following action:

Moved by \_\_\_\_\_\_, supported by \_\_\_\_\_\_to introduce and conduct the first reading on proposed ordinance number Z-20-04 and to set the second reading, public hearing and consideration for adoption before the Township Board on Monday, October 19th, 2020 for the purpose of considering the proposed zoning text amendment.

#### AN ORDINANCE TO AMEND ZONING ORDINANCE ARTICLE 16 ENTITLED SIGN STANDARDS

Pursuant to Michigan Public Act 110 of 2006, (the Zoning Enabling Act) and Michigan Public Act 359 of 1947, (the Charter Township Act), notice is hereby given that the Genoa Charter Township Board of Trustees has conducted the first reading and will be performing the second reading and considering an ordinance addressing amendments to Zoning Ordinance Article 16. Consideration of said amendment is scheduled for the Board meeting on Monday, October 19, 2020 at 6:30 p.m. The meeting is planned to be held at the Township Hall located at 2911 Dorr Road, Brighton, Michigan 48116.

If necessary, this meeting may alternatively be held by electronic remote access in response to COVID-19 social distancing requirements or by Executive Order by the Governor of Michigan. If an electronic remote access meeting is required, the public may participate in the meeting/public hearing through Zoom access by computer and smart phone by clicking the Streaming Meeting Link that will be available at <u>www.genoa.org</u>. For information and updates related to the format and/or location of the meeting please check the latest news section on the home page of the Township website located at <u>https://www.genoa.org</u> or call the Township hall directly at (810) 227-5225.

The complete text of the proposed ordinance is available on the website or at the Township Office during regular business hours. The following provides a summary of the regulatory effect of the ordinance.

#### Article 16 of the Zoning Ordinance, entitled Sign Standards, is hereby amended as follows:

The spelling of "premise" was corrected to" premises" throughout.

#### Section 16.07 STATEMENT OF PURPOSE is amended as follows:

- Section 16.01.01 is amended to recognize that the proliferation of signs can create a traffic hazard, overwhelm the senses, impair sightlines and vistas and affect the tranquility of residential areas, impair aesthetics and degrade the quality of a community.
- Section 16.01.08 is added as follows: Protect the individual user's rights to convey a message balanced against the public's right to be free of signs which unreasonably compete with one another, distract drivers and pedestrians, and create safety concerns and confusion. This ordinance is intended to balance the individual user's desire to attract attention with the citizen's right to be free of unreasonable distractions.
- Section 16.01.09 is amended to include that off-premises signs unduly distract motorists and residents because of the periodic changing of the message on such signs and because such signs are generally larger and are predominantly located along busy highways where several businesses are located in close proximity to each other, thereby posing a greater risk to the Township's interest in traffic safety and aesthetics. Additionally, off-premises signs can also deter the redevelopment of a parcel or limit the redevelopment potential of a site due to extended lease periods for off-premises signs.
- Section 16.01.11 is amended to add "community".

Section 16.02 DEFINITIONS is amended as follows:

- Definitions are eliminated for Construction signs, Political signs, Real estate signs, Regulatory signs, and Temporary grand opening signs.
- 16.02.01 is amended to add a definition for and to differentiate between canopy signs and awning signs as follows: Awning Sign: a sign that is mounted, painted, or otherwise applied on or attached to an awning or other fabric, plastic, or protective cover that projects no more than six (6) feet over a door, entrance, or window of a building that is wholly supported by the building to which it is attached. A canopy is not an awning.
- 16.02.03 is amended to clarify that a banner is considered a temporary sign.
- 16.02.04 is added to relocate the definition of business affiliation signs from Section 16.03.
- **16.02.05** is amended to clarify the definition of a canopy sign and to differentiate between canopy and awning signs as follows: **Canopy Sign**: a wall sign that is mounted, painted, attached to or otherwise applied on the roof, fascia, soffit or ceiling of a rigid metal or similar structural protective cover which is permanently attached to and projects from the

building. Awnings and shelters above a fuel service island are not a canopy.

- 16.02.07 is amended to clarify that directional signs are on-premises and serve to assist motorists in determining the flow of pedestrian or vehicular traffic such as enter, exit, crosswalk and one-way signs.
- **16.02.08** is amended to change the name of "Changeable message sign, electronic" to "Electronic message sign (EMS)" and to further define as follows: Electronic Message Sign (EMS): A sign or portion of a sign, that displays an electronic image or video, which may or may not include text, including any sign or portion of a sign that uses changing lights or similar forms of electronic display such as LED to form a sign message with text and or images wherein the sequence of messages and the rate of change is electronically programmed and can be modified by electronic processes. This definition includes without limitation television screens, plasma screens, digital screens, flat screens, LED displays, video boards, and holographic displays.
- 16.02.09 is added to relocate the definition of Gas Station pump island signs from Section 16.03.
- **16.02.11** is added new definition of sign type for **Incidental sign**: A sign which is incidental, accessory and subordinate to a permitted use relating only to the sale of goods, rendering of services, or instructing or directing the public which is located upon the building site on which said sign is erected or maintained. Examples include but are not limited to a building entrance/exit sign, open/closed sign, days/hours of operation sign, restroom sign, business affiliation signs, and gas station pump island signs.
- **16.02.12** is amended to clarify the definition of a **Monument sign** by adding that they are placed in the ground surface such that the entire bottom of the sign is affixed to the ground and is not supported by poles, columns or uprights and also eliminating that they consist of 2 or more sides
- 16.02.17 is amended to clarify the definition of **Pole Sign** as follows: a sign supported on the ground by a pole or poles, the sole purpose of which pole or poles is to hold the sign.
- **16.02.18** is amended to indicate that **Portable signs** are freestanding and eliminate references to sandwich boards, banners, and non-governmental flags in addition to eliminate the exemptions for political, real estate, construction, permanent changeable message and regulatory/government signs.
- **16.02.21** is amended to clarify the definition of **Sign** to include poster, handbill, flyer, painting, streamer, placard, or similar and to exempt legal notices, decorative displays in connection with a recognized holiday and signs required by law such as traffic code and fire lane.

#### **ORDINANCE #Z-20-04**

## AN ORDINANCE TO AMEND ZONING ORDINANCE ARTICLE 16 ENTITLED SIGN STANDARDS

#### THE TOWNSHIP OF GENOA ORDAINS:

**SECTION 1:** SHORT TITLE: This Ordinance shall be known as the "Amendment to Zoning Ordinance Article 16 entitled Sign Standards".

**SECTION 2: SUMMARY OF ORDINANCE:** Pursuant to the Michigan Zoning Enabling Act (P.A. 110 of 2006), notice is hereby given that an ordinance to amend the Zoning Ordinance regulating the development and use of land in Genoa Charter Township has been adopted by the Township Board on \_\_\_\_\_\_. The Board conducted the second reading and approved Ordinance #Z-20-04 to adopt the ordinance and amend the Zoning Ordinance of the Charter Township of Genoa by amending Article 16 Sign Standards. The following provides a summary of the regulatory effect of the ordinance.

#### ARTICLE 16 OF THE ZONING ORDINANCE, ENTITLED SIGN STANDARDS, IS HEREBY AMENDED AS FOLLOWS:

The spelling of "premise" was corrected to" premises" throughout.

#### Section 16.07 STATEMENT OF PURPOSE is amended as follows:

- Section 16.01.01 is amended to recognize that the proliferation of signs can create a traffic hazard, overwhelm the senses, impair sightlines and vistas and affect the tranquility of residential areas, impair aesthetics and degrade the quality of a community.
- Section 16.01.08 is added as follows: Protect the individual user's rights to convey a message balanced against the public's right to be free of signs which unreasonably compete with one another, distract drivers and pedestrians, and create safety concerns and confusion. This ordinance is intended to balance the individual user's desire to attract attention with the citizen's right to be free of unreasonable distractions.
- Section 16.01.09 is amended to include that off-premises signs unduly distract motorists and residents because of the periodic changing of the message on such signs and because such signs are generally larger and are predominantly located along busy highways where several businesses are located in close proximity to each other, thereby posing a greater risk to the Township's interest in traffic safety and aesthetics. Additionally, off-premises signs can also deter the redevelopment of a parcel or limit the redevelopment potential of a site due to extended lease periods for off-premises signs.
- Section 16.01.11 is amended to add "community".

#### Section 16.02 DEFINITIONS is amended as follows:

- Definitions are eliminated for Construction signs, Political signs, Real estate signs, Regulatory signs, and Temporary grand opening signs.
- 16.02.01 is amended to add a definition for and to differentiate between canopy signs and awning signs as follows: Awning Sign: a sign that is mounted, painted, or otherwise applied on or attached to an awning or other fabric, plastic, or protective cover that projects no more than six (6) feet over a door, entrance, or window of a building that is wholly supported by the building to which it is attached. A canopy is not an awning.
- 16.02.03 is amended to clarify that a banner is considered a temporary sign.
- 16.02.04 is added to relocate the definition of business affiliation signs from Section 16.03.
- **16.02.05** is amended to clarify the definition of a canopy sign and to differentiate between canopy and awning signs as follows: **Canopy Sign**: a wall sign that is mounted, painted, attached to or otherwise applied on the roof, fascia, soffit or ceiling of a rigid metal or similar structural protective cover which is permanently attached to and projects from the building. Awnings and shelters above a fuel service island are not a canopy.
- 16.02.07 is amended to clarify that directional signs are on-premises and serve to assist motorists in determining the flow of pedestrian or vehicular traffic such as enter, exit, crosswalk and one-way signs.
- 16.02.08 is amended to change the name of "Changeable message sign, electronic" to "Electronic message sign (EMS)" and to further define as follows: Electronic Message Sign (EMS): A sign or portion of a sign, that displays an electronic image or video, which may or may not include text, including any sign or portion of a sign that uses changing lights or similar forms of electronic display such as LED to form a sign message with text and or images wherein the sequence of messages and the rate of change is electronically programmed and can be modified by electronic processes. This definition includes

without limitation television screens, plasma screens, digital screens, flat screens, LED displays, video boards, and holographic displays.

- 16.02.09 is added to relocate the definition of Gas Station pump island signs from Section 16.03.
- **16.02.11** is added new definition of sign type for **Incidental sign:** A sign which is incidental, accessory and subordinate to a permitted use relating only to the sale of goods, rendering of services, or instructing or directing the public which is located upon the building site on which said sign is erected or maintained. Examples include but are not limited to a building entrance/exit sign, open/closed sign, days/hours of operation sign, restroom sign, business affiliation signs, and gas station pump island signs.
- **16.02.12** is amended to clarify the definition of a **Monument sign** by adding that they are placed in the ground surface such that the entire bottom of the sign is affixed to the ground and is not supported by poles, columns or uprights and also eliminating that they consist of 2 or more sides
- 16.02.17 is amended to clarify the definition of **Pole Sign** as follows: a sign supported on the ground by a pole or poles, the sole purpose of which pole or poles is to hold the sign.
- **16.02.18** is amended to indicate that **Portable signs** are freestanding and eliminate references to sandwich boards, banners, and non-governmental flags in addition to eliminate the exemptions for political, real estate, construction, permanent changeable message and regulatory/government signs.
- **16.02.21** is amended to clarify the definition of **Sign** to include poster, handbill, flyer, painting, streamer, placard, or similar and to exempt legal notices, decorative displays in connection with a recognized holiday and signs required by law such as traffic code and fire lane.
- **16.02.22** is added to define **Temporary sign** as follows: A sign that appears to be intended or is determined by the Zoning Administrator to be displayed for a limited period of time which is not intended to be lasting and is not constructed from an enduring material such as masonry and metal which remains unchanged in position, character, and condition (beyond normal wear), and is not permanently affixed to the ground, wall or building. Examples include but are not limited to posters, banners, a-frame/sandwich board and corrugated plastic/yard type signs.
- 16.02.23 is added to define Vehicle sign as follows: A sign consisting of written copy, symbols, logos and/or graphics measuring more than ten (10) square feet in size attached to, mounted, pasted, painted, or drawn on any vehicle, whether motorized or drawn, that is placed, parked, or maintained on a parcel and is visible from the public right of way.
- 16.02.25 is amended to clarify that Window signs are affixed to the inside surface of a window.

#### Section 16.03 APPLICATION OF STANDARDS is amended as follows:

The section is revised to provide two sections for permit required and exempt signs.

- Section 16.03.01 is added to indicate permits are required as follows: Requirement for Permit. Except as expressly provided herein, it is unlawful for any person to erect, re-erect, alter or relocate any sign without obtaining a permit from the Zoning Administrator and paying the applicable permit fee.
- 16.03.02 is added to provide for which signs are exempt from obtaining a permit and the following types of signs are eliminated from this section: business affiliation signs, construction signs, garage sale and estate sale signs, gas station pump island signs, miscellaneous signs, model signs, non-commercial signs, municipal and non-profit organization signs, owner/tenant signs, political signs, real estate signs, rental office directional signs, roadside stand signs and window signs.
- **16.03.02** (d) **Parking lot signs** is amended to clarify the definition and restrictions as follows: A sign which regulates vehicle traffic within a permitted parking lot and includes information of a general directive or informational nature such as no parking, handicapped parking, and loading area; which bears no advertising matter, and does not exceed a maximum of six (6) feet in height and four (4) square feet in area.
- 16.03.02(e) Regulatory, directional and street signs is amended to allow location in the public street right-of-way.
- 16.03.02(f) Street Address Signs is amended to allow location in the public street right-of-way.
- **16.03.02(g)** as added to allow **Temporary signs on agriculturally or residentially zoned property** as follows: shall be allowed with property owner permission within the required setback area provided such signs are not placed within the public street right-of-way and do not obstruct motorist visibility subject to the following regulations:

Туре	Number	Area	Height	Duration
Temporary	1 per lot	6	4 ft.

# MEMORANDUM

TO:Township BoardFROM:Michael ArchinalDATE:9/30/2020RE:Capital Projects

The annual audit is a good segue into FY 2021/2022 capital projects. Even though we had a very aggressive year in terms of construction we are still in excellent financial shape with healthy fund balances. The purpose of this agenda item is to solicit projects from the Board, gauge interest on some projects staff has been exploring and discuss funding/grant opportunities to address community needs. The following list is not in any rank order:

- DNR Acquisition Grant
- Township Park Path Replacement (concrete)
- Township Hall Dorr Road LED Sign
- Senior Survivor Park Project
- Township Hall Window Replacement
- Township Hall Carpet Replacement
- Township Hall HVAC Replacement
- Deceleration Lane Extension Township Hall Entrance
- Brighton Road Path and Boardwalk Replacement (concrete and Gator dock)
- Bauer Road Path and Boardwalk Replacement (concrete and Gator dock)
- Hilltop Drainage District (Maxey, Eyecare One, Autozone, New Town etc.)
- Crooked Lake Pave and Repave
- Challis/Bauer Roundabout
- Widen Latson to Three Lanes (south of Golf Club)
- Herbst Repave (Dorr to Sylvan Glen)
- Challis Repave
- Hacker Repave (Clark Lake to Golf Club)
- Bauer Repave (Brighton to River Ridge)
- Bauer Crushed Limestone Installation (River Ridge to Twp. Limit)
- Subdivision Road SAD Township Contribution Policy

I will of course explain each of these projects further on Monday night. I am seeking guidance at this point so no formal action is required.

Good morning,

We are committed to keeping you and our customers informed about changes to Xfinity TV services. As you may know, many sporting events and broadcasts were put on hold this year from April through June. We have been working hard to recover the fees regional sports networks charged us for those sporting events and broadcasts during the hiatus to pass back to our customers.

We are currently notifying customers in your community of a courtesy adjustment related to these fees. This adjustment reflects what has been committed to us by the regional sports networks in your area to date. We will continue to work to recover additional funds where possible. We are committed to giving our customers 100% of what we receive.

For more information, visit www.xfinity.com/sportsadjustments.

Please feel free to contact me at 734-359-2038 if you have any questions.

Sincerely,

Kyle V. Mazurek Manager of External Affairs Comcast, Heartland Region 41112 Concept Drive Plymouth, MI 48170
